COMMENTS FROM THE TOWN MANAGER'S OFFICE

The town will have to borrow money to operate on from now until the tax bills go out and some 1963 taxes are paid. The town has operated with the money in surplus and the 1963 excise tax money from the first of the year until now. There will be a small amount of money coming in between now and the time the tax bills go out for this year but it isn't anywhere near enough to operate the town on. Towns are in a very favorable position because they can borrow money at a very low rate of interest. Last year the town had to pay 2 1/2% interest on tax anticipation loans. The rate will be about the same for this year.

The Dog Tax Public Notice has been printed in the paper and the notice has been posted. The dog tax is due and should be paid. The new Dog Officer is Arnel K. Brown.

Several loads of gravel were put on Mechanic Street this week. This should not have been necessary after the soil cement job that was done on the street last summer. The poor condition of the street is due to several factors and it would be impossible to say the amount of bearing each factor had on the total result. The preliminary tests showed that only about half as much cement would be required as was needed on Chapman Street. The cement was mixed to a deeper level than on the other two streets where the process was used. There is a lot of ground water that stayed in the cement base. The street was not mulched because of the poor weather conditions in the late summer. It might be said that more cement would have prevented the base from softening or that a mulch might have prevented it. By the same token more cement might not have made any difference and mulching at last year could have resulted in losing the mulch also. Maybe some can think of more reasons and recalls but these seem to be the most important at this time.

20 SECONDS with the NAZARENE

On Palm Sunday the people cried: "Hosanna: Blessed is the King..." On Sunday they honored Christ—worshiped Him—called him "Lord" and "King." But on Friday they crucified Him!

The way we live through the week tells the world how sincere we were in our Sunday worship.

F. H. A. WEEK OBSERVED BY GOULD MEMBERS

The Gould Academy Future Homemakers of America observed National F. H. A. Week March 31-April 6. During F. H. A. Week, the girls in F. H. A. helped around the school for the reasons which are outlined in the eight F. H. A. Purposes. They are as follows:

1. To promote a growing appreciation of the joys and satisfactions of homemaking.

2. To emphasize the importance of worthy home membership.

3. To encourage democracy in home and community life.

4. To work for good home and family life for all.

5. To promote international good will.

6. To foster the development of creative leadership in home and community life.

7. To provide wholesome individual and group recreation.

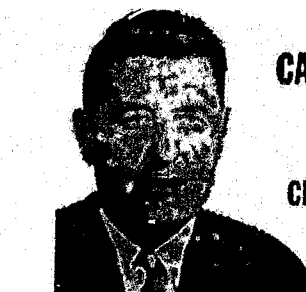

8. To further interest in home economics.

In order to carry out the above purposes, the F. H. A. girls polished the silver trophies after school, picked up books that were left on the floor in study hall after school, and gave announcements before afternoon classes.

CAPITOL COMMENTS

CONGRESSMAN

CLIFFORD G. MCINTIRE

MAINE, SECOND DISTRICT

Dear Reader:

Many important issues are before the Congress and the country, and a Representative of the people can act intelligently on these issues only if he is advised of the people's feeling on them.

This week, then, I am substituting my "Capitol Comments"

column with a questionnaire. I would appreciate it very much if you would take some time out from your busy schedule to fill out the questions below and mail the completed form to me at 239 Cannon House Office Building, Washington 25, D. C.

Sincerely your Congressman, Clifford G. McIntire

THE CROSSING

April is a drawbridge that leads from winter to spring, and sometimes the crossing is rough and splintery. Those who understand higher mathematics insist that spring comes at a certain moment in the third month when a flock of planets in the vast reaches of outer space wheel into formation.

A man who lives intimately with the weather through the four cycles, knows that spring doesn't come until April has worked the winter humours from the system. Spring is not a simple thing, spring is a complex compound of mysterious ingredients that must be blended by time into a smooth syrup. April is the sulfur and molasses period of year, and a man learns to take his medicine.

There are wonderful mornings when a blue sky, golden sun and white clouds make one

believe that true spring is here. Then along in the forenoon when a man is spreading dressing on the field, he suddenly notices gray shadows on the ground and looks up to see dark clouds. He barely has time to get back to the barn before the shower breaks and rain pelts down.

It is good, however, to know that it is April. The heart responds to the whistles of the redwings in the swale and the cheerful carols of the robins. It is good to see the first threads of green woven into the winter-brown blanket on the south slopes, and to hear the music of the pasture brook as the water tumbles down from the uplands.

April is a time of change. It is a period when roots are beginning to stir in the warming humus and new buds are swelling on the bush by the kitchen door. Man is impatient, Ed Nature with the experience of long

years, follows its ordained schedule. April is a testing period, but as one watches the days pass by, he knows that true spring will soon be here.

MISS OXFORD COUNTY PAGEANT TO BE HELD AT SOUTH PARIS SATURDAY

Bethel Jaycees, with months of preliminary planning behind them, and with the cooperation of the Norway-Paris Jaycees, are prepared to present their stately and beautiful Miss Oxford County Scholarship Pageant at the Association Hall, South Paris, this Saturday evening, with all the glamour and excitement of a Miss America Pageant of which this is a preliminary.

Talent will play a decisive role in the final selection of a winner. In addition to being judged for intellect and personality in off-stage judging, poise and grace in the evening gown competition, and beauty of face and figure in the swim suit competition, the five finalists selected must score fifty per-cent in their talent presentations. One of these five will be awarded a special talent trophy and a \$50 cash prize, in addition to scholarship awards if she places among the top three. With so much at stake, and the dream of the Miss Maine and perhaps even the Miss America contest in mind, our lovely Oxford County contestants will surely meet this challenge and present their numerous talents to the very best of their ability. Citizens of Oxford County will have an excellent opportunity to evaluate the wisdom of assisting in the building of careers for such potentially fine artists.

Roma Bennett, Bethel, whose future ambition is to become a writer, will do a pantomime. Carol Bartlett, Norway, desires to become a stenographer, and will do a vocal selection. Donna Bragg, South Paris, is studying to become a teacher of elementary grades, and will demonstrate her dressmaking talent. Bettina Demers, Rumford, who desires to become a nurse anesthetist, will do a pantomime. Sharon Goodwin, West Paris, is attending school to become a medical secretary, and will give a three-minute talk on her career. Sandra Hall, West Paris, desires a career in public relations, and she will give a dramatic reading. Norma Kimball, Bethel, plans to become a physical therapist, and she will play a selection on the flute. Phyllis Kimball, Locke Mills, is studying to become a teacher, and will give a three-minute talk on her career. Karen-Ann Levine, South Paris, plans to become a classical ballet dancer, and will present a classical ballet. Judith Myers, Bethel, plans to become a registered nurse, and will play a selection on the saxophone. Linda Nickerson, Bethel, will become a teacher of home economics, and will present a skit. Kay Parlin, Norway, will further her training in laboratory research, and will give a three-minute talk on medical technology. Brenda Young, Rumford, plans to become a commercial artist and dress designer, and will do a vocal to her own accompaniment and an art sketch demonstrating her musical selection.

Winners of the 1963 Miss Oxford County crown has before her that "chance-of-a-lifetime" prize, earned by passing the first mile-stone and winning this preliminary contest. Awards to

taking \$1000 are at stake when she competes in the Miss Maine Pageant, at the State Theatre, Portland, May 19, and televised over WCHS-TV. Boundless opportunities for fame and fortune await her if she captures the Miss Maine crown.

Equally as important as the opportunities offered to the winner, are the "sparks" planted in our younger Oxford County ladies to plan ahead. This will help to develop and perpetuate the beauty and dignity of our Oxford County young women and, in turn, the forthcoming pageants.

— Mrs. Arline Bernier, Cor. — Robins have been back for over a week now and I found a crocus blossomed this morning.

Judy Judkins returned to Gould Academy after a week's vacation. Fred Judkins II is home for a week on vacation from the University of Maine.

Lucien Bernier was home from Stephens High School for the week end. Arline Bernier and children went to the coast Sunday to visit Roland Bernier. There is nearly as much snow left there as up here in the north country.

Mr. and Mrs. Albert Mitchell of Sebago Lake spent the week end at their camp on Back Street. Their grandson, Ricky, was with them. Ricky's parents came up to spend Sunday at the camp.

Richard Williamson has a new car.

Mrs. Jennie Judkins reports they passed through Washington, D. C., and surrounding country at the right time to see cherry trees in bloom. At last report, they were in the Tennessee Valley, where copper had been mined for 100 years.

The acid in the copper has killed all vegetation and water has made gullies from three to 25 feet deep through this brickered earth. She says the roads are good but very narrow and very winding.

The fire which destroyed the Sweetser apartment building on Main Street Tuesday forenoon, March 26. Before the arrival of fire apparatus, the flames had already burst through the roof. None of the three families occupying the house were injured, but little was saved from the quick blaze. At the left is shown the home of Donald Brooks and family, which escaped destruction but suffered broken windows and burned and scorched clapboards.—Gerry Brooks Photo

CHARITY BALL COMMITTEE

HOLDS RUMFORD MEETING — Mrs. Leland Brown headed a group of Bethel Auxiliary members and usherettes who journeyed to Rumford Tuesday evening to attend a full meeting of the Community Hospital Charity Ball committee at the Nurses' Residence. The local and Dixfield Auxiliary members are co-sponsors.

Al Corey of Waterville, and his orchestra will again provide music at the annual Ball Saturday, May 4, at the Rumford Armory, with dancing to start at 9 p. m., according to the chairman.

After committees reported, and work plans were completed, the group adjourned for a social hour with Mrs. Dexter Elsom, Dixfield, as hostess. Bethel workers on the planning committee are: publicity, Mrs. Lincoln Pike and Mrs. Samuel Timberlake; decorations, Mrs. Charles Keoskie, chairman, Mrs. Norris Brown, Mrs. Henry Hastings, Mrs. Roger Luce, and Mrs. Vernon Smiley; usherettes, Mrs. Richard Bryant, chairman; reservations committee, Mrs. Vance Richardson and Mrs. Henry Hastings, Bethel, and Mrs. Robert Swain, Andover.

As noted in last week's Citizen, the Sweetser home was built 49 years by Fred J. Tibbels, following a fire which destroyed a two family house on that location on March 19, 1913. Several years later it was bought by Mr. and Mrs. Elmer Allen, together with the restaurant building which burned last week. Origin of the latter building has not been learned. It had served as a shoe store, clothing store, undertaking

rooms, residence, cobbler's shop and other purposes before becoming a restaurant.
